Cattlemen May Save Time and Money By Feeding Protein Supplement Only Twice A Week -- Melton

Cattlemen may be able to save time and money by feeding protein supplement twice a week during the winter rather than daily feedings. Research done by Texas A & M University scientist indicates feeding protein supplement twice a week is just as satisfactory as feeding daily or three times a week. This doesn't mean feeding less protein — just feeding larger amounts less frequently.

In addition, the petition says, the bath, beauty shop, treatment and hopper rooms also were damaged. The structure interior around windows was cracked.

Buchanan sets out that he notified the insurance company immediately but that payment on the damage has not been made.

Pecos area, but the researchers say less frequent feedings may well apply to most other areas of Texas.

Melton said winter roughage for range cattle in the Southwest usually consists of dried native grass. The dried grass may provide adequate energy but be deficient in protein during the winter and spring months. Thus, the need for protein supplement.

The common practice is feeding cottonseed cake or other protein on a daily basis. As labor and transportation costs increase, cattlemen are looking for labor saving systems of supplemental feeding. One of these methods is feeding less frequently.

Until now, there has been little or no research to indicate that cattle perform satisfactorily on less than daily supplemental feeding. However, some cattlemen have been mixing salt with cottonseed meal or other concentrate to permit self-feeding, yet limit consumption. Some blend urea with molasses to permit self-feeding. For the most part, these have proved satisfactory.

The researchers point out these figures are not significantly in favor of the twice weekly feeding until the saving time and labor is evaluated.

Then the 60 percent advantage shows — and that can mean a big saving for cattlemen.

Two Escapees Surrender Here Sunday Afternoon

FAIRVIEW NEWS...

By Mrs. Elmer Joiner
Everyone is back around the stove again this morning after basking in the spring like weather of last week. The little wheat is looking much better since the snows give it some moisture to drink, this will be a big help to the cattle man, who is depending on the grazing to get his profit.

The Fairview Church is still without a pastor, although there have been services the last two Sundays. Larry Bradley, of Hamlin, filled the pulpit for both services Sunday.

INCOME TAX SERVICE AND S. S. REPORTS

FRED CARPENTER

545 N. Central SP 4-1703

We do enjoy having these young high school boys come preach for us, think everyone gets an inspiration from hearing them. But, every flock needs a shepherd, no matter how small, so we must get down to the business of finding a pastor. Guess we have just been hoping that some one would find us, for with what we have to offer, we cannot do much searching. We will have to find a pastor that has other means of livelihood, but wants to pastor a church. So far the Lord has sent us just the right one so we are trusting that it will happen again.

We learned that the former pastor of our church, Rev. Derrel Lewis, now of Lubbock Chapel Hill Church, filled the pulpit at Central Avenue Church Sunday. Rev. Lewis and family, were down on a short vacation visiting his parents. His mother, Mrs. Johnny Lewis, has been ill but is reported to be better at the present.

Mr. and Mrs. Winson Gray went to Anson last Tuesday to visit his parents, the E. C. Grays.

Mr. and Mrs. Buck Joiner and Susan, came from Odessa,

Saturday, spending Saturday night and Sunday with his parents, the Elmer Joiners.

Her parents, the Charlie Durhams, returned home with them for a visit with them and another daughter, Mr. and Mrs. Troy Rodgers and children. The other daughter, Mrs. Donnie Ray Holloway, that had resided in Odessa also, moved to Irving, which is in the Dallas area, the first of the year. Mr. and Mrs. Holloway moved there to put their five year old daughter, Beverly, in the school for the deaf, in Dallas.

Mr. and Mrs. H. L. Ford, Spencer and Diane, went to Anson Saturday night, where they visited with Mr. and Mrs. John Beauchamp, in their new home. The Beauchamps purchased a home in Anson and moved the first of the year.

Jeannie Young came out to church Sunday night with Linda Goodwin.

The Junior play will be given Friday night in the High School Auditorium. Linda Goodwin has served as Student Director of the play.

I went last Thursday and carried Mrs. Lois Hampton to the Rehab. Center for treatment. Not having any business to attend in Abilene, just sat in the lobby and waited

Mr. and Mrs. Doug Ford and Kyle, of Truth or Consequences, New Mexico, were weekend visitors of his parents Mr. and Mrs. Joe Ford.

It seems that the Fairview folks fell down so much that we are ashamed to report it, but Mr. and Mrs. H. L. Ford were the only ones attending the brotherhood and W. M. U. meeting at Tuxedo, last Wednesday night. They reported a fair crowd and lots of good eats. The next meeting will be with Fairview Church, Mar. 9, at 7:30 p.m. The morning W. M. U. meeting will be Wednesday, Feb. 23, at 9:30 a.m., in the home of Mrs. Madgean Rainwater, at Rainwater.

Visitor in the Drake home Sunday afternoon, Mr. D. E. Frazier, of Eastland. Thursday morning Misses Della and Maude went with their brother Connie, to Abilene, to the auction sale. After being in so long from the cold weather this was quite a treat to the ladies. After so much sickness the past year or so, the Drake family has been well through this winter.

Cattlemen May Save Time and Money By Feeding Protein Supplement Only Twice A Week -- Melton

Cattlemen may be able to save time and money by feeding protein supplement twice a week during the winter rather than daily feedings. Research done by Texas A & M University scientist indicates feeding protein supplement twice a week is just as satisfactory as feeding daily or three times a week. This doesn't mean feeding less protein — just feeding larger amounts less frequently.

The result from twice weekly feeding: about a 60 percent saving of labor and travel compared to daily feeding.

The research was done by A. A. Melton, associate animal husbandman at A & M's McGregor field station, and J. K. Riggs, professor in the Animal Science Department at A & M. It was done in the Trans-

Pecos area, but the researchers say less frequent feeding may well apply to most other areas of Texas.

Melton said winter roughage for range cattle in the Southwest usually consists of dried native grass. The dried grass may provide adequate energy but be deficient in protein during the winter and spring months. Thus, the need for protein supplement.

The common practice is feeding cottonseed cake or other protein on a daily basis. As labor and transportation costs increase, cattlemen are looking for labor saving systems of supplemental feeding. One of these methods is feeding less frequently.

Until now, there has been little or no research to indicate that cattle perform satisfactorily on less than daily supplemental feeding. However, some cattlemen have been mixing salt with cottonseed meal or other concentrate to permit selffeeding, yet limit consumption. Some blend urea with molasses to permit self feeding. For the most part, these have proved satisfactory.

In the A & M test, three groups of Hereford cows and heifers were wintered for four years. All groups got the same amount of cottonseed cake each week — only the frequency of feeding was varied between groups.

One group got two pounds of cottonseed cake per head daily the first year, and three pounds daily the last three years of the test.

The second group was fed seven pounds each on Tuesdays, Thursdays and Saturdays during the first year, and 10.5 pounds on Tuesdays and Saturdays the last three years.

Group three got four and two-thirds pounds per head on Tuesdays, Thursdays and Saturdays the first year and seven pounds on Tuesdays, Thursdays and Saturdays the last three years.

Total gain for the 4-year test was slightly in favor of the cows fed twice weekly.

Stonewall County Livestock Show Set Saturday

Stonewall County 4-H and FFA Livestock Show will be held Saturday, February 19th. Joe Dobey, Agent from Knox County, will judge the show, starting at 9 o'clock.

Over 100 animals will be shown by 75 youngsters for \$750 dollars in prize money. The show is sponsored by donations and a Bar-B-Que which is under the supervision of the local Chamber of Commerce. J. D. Patterson Jr. has donated the beef for the noon meal. There will be serving from 12 until 1 o'clock. Everyone is invited.

Tuesday night, Feb. 22, the

Pipesettes will take part in

a doubleheader at Wylie. The

teams involved will be Wylie,

Trent, Hamlin and Cross

Plains or Baird. The Pipesettes will play either Wylie or Cross Plains.

Everyone is invited.

Other meetings to be held

Monday will be Stamford, 9

a.m.; Anson, 7 p.m. Meetings

Thursday, Feb. 24 will be at

Lueders, 10 a.m.; Hawley,

2 p.m.; and Noddle, 7:30 p.m.

The Feb. 25 meeting will be at

Ericksdahal at 7:30 p.m.

The scientists say calf pro-

duction is the real test in eval-

uating animal response to feed-

ing frequency. Here again,

cows fed twice weekly came

out slightly ahead of the oth-

ers. Those fed daily weaned

an 81.3 percent calf crop,

those fed three times a week

weaned an 85.6 percent calf

crop, those cows fed twice

weekly weaned an 89 percent

calf crop.

The researchers point out

these figures are not signifi-

cantly in favor of the twice

weekly feeding until the sav-

ing time and labor is eval-

uated.

Then the 60 percent advan-

tage shows — and that can

mean a big saving for cattle-

men.

Until now, there has been

little or no research to indi-

cate that cattle perform sati-

factorily on less than daily

supplemental feeding. How-

ever, some cattlemen have

been mixing salt with cotton-

seed meal or other concen-

trate to permit selffeeding,

yet limit consumption. Some

blend urea with molasses to

permit self feeding. For the

most part, these have proved

satisfactory.

In the A & M test, three

groups of Hereford cows and

heifers were wintered for

four years. All groups got the

same amount of cottonseed

cake each week — only the

frequency of feeding was var-

ied between groups.

One group got two pounds

of cottonseed cake per head

daily the first year, and three

pounds daily the last three

years of the test.

The second group was fed

seven pounds each on Tues-

days, Thursdays and Satu-

days the first year and 10.5

pounds on Tuesdays and Satu-

days the last three years.

Group three got four and

two-thirds pounds per head on

Tuesdays, Thursdays and Satu-

days the first year and seven

pounds on Tuesdays, Thursdays

and Saturdays the last three

years.

Official meetings of the or-

ganization are held twice each

year. In addition to the recent

meeting in Dallas, the Chapter

will convene late this summer

in San Antonio at the Texas

Bandmasters Association Con-

vention.

Two Escapees Surrender Here Sunday Afternoon

Two of the six prisoners who escaped from the Jones County jail in Anson Feb. 8 surrendered to police here Sunday afternoon about 2 p.m. The men surrendering were Bobby Gene Woolf, 22, of Hamlin and Billy Gene Brown, 17, of Abilene.

Picked up earlier were Clark G. Bryan, 21, of Abilene who was taken into custody last Thursday night by Mexican police in Ciudad Acuna. Franklin J. Ransonette, 26, of Munday, was caught near San Antonio. Mickey Ray Jett, 18, was captured in Abilene soon after 1 p.m. Monday. He supposedly was with Woolf and Brown in Hamlin during the week end.

The remaining escape is Charles Brogdon, 32, of Aspermont.

The men were being held in the Anson jail on the following charges: Ransonette, charged with kidnapping an Anson boy; Jett, awaiting transfer to state prison to serve two years for aiding in Dec.

During the week end Hamlin High School was broken into and the Homemaking Department was used for cooking and sleeping by the intruders.

Six windows in doors were broken to gain entry into the building and into locked rooms.

Among the items missing from the local school were two two-way radios, two starter pistols, a stop watch, pen and pencil set, and electric razor, and money amounting to approximately \$15. A complete estimate of missing articles has not been made as items are still being missed.

The banquet was postponed twice because of snow.

Tickets are still available. The speaker will be Wayne B. (Red) Smith of Wichita Falls.

Police Department Has Change In Patrolmen Here

Two new policemen have been added to the staff for the City of Hamlin. Jim Connally, formerly of Abilene, started on the force Tuesday evening.

Connally is retired from the U. S. Army. He has a wife and four children. They live at 536 N. E. Ave. A.

Mrs. L. C. Brown Named History Teacher Here

Mrs. Brown has been teaching at Hobbs for five years.

She will teach civics and world history. She started classes here Monday.

The new teacher and her husband live near Sylvester where he farms and also is employed by the railroad.

They are members of Sylvester Methodist Church. They have two grown sons.

MOVE in the RIGHT DIRECTION

To attend Church is the first step in finding God.

To attend regularly is to continue in the right direction, and gives one an opportunity to understand God's will in his life. Now is the time to make your move. Choose the way that will lead you to God.

Attend Church Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

SYLVESTER NEWS...

FROM THE EAGLE'S BEAK...

By Mrs. R. M. Babb
Another cool brisk morning,
but we must remember that
it is still winter. However, it
has been hard to realize the
fact this past week.

Since the weather was better
we had a good number in Sun-
day School and many more
came for church. Visiting were
Mr. and Mrs. Mike Dob's of
Sweetwater and Fred Turner of
Brownfield. We are always
glad for visitors any time in
our services and hope that
each of us will help to make
them feel welcome.

The Baptist pastor, Rev.
Leverett, spent three or four
days in Hamlin Hospital with
a blocked sinus, but was able
to fill the pulpit on Sunday.

Mrs. Woodford Pursley and
Luke McCollum Sr. are both
in Hamlin Hospital at this
writing. We are wishing for
them a speedy recovery.

Mrs. Roy Kiser was in Ham-
lin Hospital all last week but
is home now. Visiting in the
Kiser home over the weekend
were Mr. and Mrs. Joe Spikes
of Abilene.

A bridal shower honoring
Mrs. Mike Dobbs (nee Kay
Lawlis) on Saturday P. M. in
the basement of the Baptist
Church was enjoyed by many
friends and relatives. Kay and
Mike received many lovely
and useful gifts. The gift and
refreshment tables were cov-
ered with lace over green. The
green and white motif was
used throughout the shower.

Mr. and Mrs. Faye Dosier
spent the weekend in Okla.
visiting with Faye's father
who has celebrated his 90th
birthday.

The Cardiff Giant was a
12-foot stone statue of a man
dug up in 1869 near Cardiff,
N.Y., and widely exhibited.

The wings of the Eagles had
been battered after two
rounds with the Trent Goril-
las last week as far as the
girls saw things. However,
the boys turned the tide to
take both games by a large
margin.

Tuesday night the boys de-
feated Divide. Now comes the
time to turn in the suits and
hang up the shoes. Then comes
the time to turn in the suits and
hang up the shoes.

For the Seniors this could
be a time for tears, for this
brings them face to face with
the fact our high school days
are drawing to a close.

Thursday the student body
and faculty were called to
the gym for Purple letter day.
Six proud girls received their
letter sweaters but the boys
will have to wait two weeks
for the jackets they ordered.
They say it is well worth the
wait.

The FHA sold cakes at the
Basketball game Tuesday.
Ann Kemp, Jeanne Acklin,
Lana Acklin and Debbie Mc-
Cright are working on the
March of Dimes committee.
Contributions may be made to
them.

Junior high traveled to Ira
to play in their tournament
last Thursday and Friday. The
girls lost both games. The
boys return Monday to play
for consolation.

Friday, you could not tell
whether it had rained or what!

Plan Luncheon
In Abilene Mar. 11

Business teachers from 23 counties will meet for a luncheon in the banquet room of the Thunderbird Lodge March 11, at the annual District VII Convention of the Texas State Teachers Association.

General arrangements for the business teachers are under the direction of the District Chairman, Miss Dora Mitchell of Hamlin. Vice President: Mrs. Faye Clark of Vernon. Secretary-Treasurer: and Mrs. Margie Pistole of Abilene, Reporter.

The convention theme this year is "Education—The Sil-

ver Lining," and the business teachers have chosen the theme "Business—Showers of Profit" to go along with the silver lining.

In State Choir

Ann Ford, a junior student at Cooper High School in Abilene, was one of three students chosen from Abilene through individual try outs for membership in the All State Choir. The students attended a clinic in Dallas at the Statler-Hilton Hotel Feb. 10, 11, 12 where Dr. Daniel Moe of the University of Iowa was guest clinician.

Members of the Junior class would like to urge everyone to buy his ticket and attend the Junior play, "Reluctant Reunion," in the high school auditorium at 7:30 on February 18. The Juniors wrapped up their ticket sales campaign Wednesday, Feb. 16, but tickets may still be purchased at the door on the night of the play. The tickets are 25 cents for students and 50 cents for adults.

The Piperettes captured the district title last week when they defeated Ballinger and Anson. They will play Marfa for the bi-district title. The site of the game, which will be decided by a flip of the coin, will be either here or at Marfa. The entire student body is backing our team, so Piperettes, let's win bi-district and go all the way to state!!!

This week we are going to begin a new feature in the Piper Patter. We will be asking questions on topics that concern teenagers today. This week we asked Jimmy Hawkin, president of the senior class, what he thought was the teenager's idea of a hero.

Jimmy stressed the point that there are many unsung heroes. Jimmy told a story he had read about a soldier who had been featured in an article in the newspaper. This soldier had been regarded as a hero because he had moved the bomb a few inches more and saved his company of about 30 men. Jimmy said that he regarded the man who had worked all day and night on a formula that would make the bomb go farther and had completed his job three days early as much a hero as the soldier. This man had saved a hundred lives in a day.

Jimmy concluded by saying, "There are people who got in

farm. On the average, for every dollar spent on fertilizer on grain sorghum, farmers lost a dollar in the 1965 demonstrations but four out of 11 demonstrations showed some economic return. Nitrogen and potash both showed some promise and showed a good return.

Clayton says that the fertilizer response on cotton and wheat was probably stimu-

lated by the 30 inches of rainfall received in 1965 compared to 17 inches received in 1964.

A booklet giving the results

of all Jones County fertilizer demonstrations for 1965 has been prepared by the agent and is available in the county agent's office for the asking.

Manufacturer's suggested retail price for Special V-6, 2-dr. coupe. Price includes Federal Excise Tax and suggested dealer delivery and handling charge.

Would you believe your car's vehicle identification number might be worth \$2,332.00 in cash to you?

(This odd figure is also the price of a Buick Special*. Pleasant surprise, isn't it?)

HERE'S HOW IT WORKS: Check that car registration of yours. If the first symbols of your vehicle identification number on it match up with one of those listed at the right, you might have won yourself \$2,332 cash. No slogan to invent, no puzzle to solve. To find out for sure if you won, just hop down to your nearest Buick dealer's. He's got a list of complete winning numbers posted. (No, you don't have to own a Buick to have a winning number.) If your complete vehicle identification number appears on his list—you're in the money.

Residents of Kansas, Missouri and Nebraska may, if they prefer, send in a postcard to W. L. Pitt and Co., P. O. Box 1341, Detroit, Michigan 48201. The postcard should be addressed to the Buick Special Sweepstakes, and should include your vehicle identification number. An official entry form will be included. Sweepstakes limited to persons over 21 living in the contiguous 48 states and the District of Columbia. Void in Alaska and Hawaii. March 31, 1966. Not valid in Florida or states where prohibited by law.

County Agent
Reports On Cotton
Wheat Fertilizer

The 1965 Jones County Cotton and Wheat Fertilizer Demonstrations showed a small economic return, according to a report this week from Jones County Agent, Kirby Clayton.

Clayton reported that for every dollar spent on cotton fertilizer, farmers received a \$1.70 in return, and 11 out of 13 demonstrations paid some economic return.

On wheat, the agent reported that farmers received \$1.18 for every dollar spent on fertilizer and 14 out of 16 demonstrations gave an economic return.

However, Clayton said that the opposite proved true for grain sorghums on the same
